WULL. VI

RED RIVER, TAOS COUNTY, NEW MEXICO. THURSDAY, AUGUST 30, 1906.

Asia contains more than one-half of the total population of the earth, and Europe pearly one-foorth.

The finest cotton is that grown on the low sandy islands lying on the coasts of South Carolina and Georgia.

Small farms are the rule in Japan, and every foot of land is put to use. The farmer who has more than ten acres is considered a monopolist.

Probably the youngest general in the world is a nephew of the late snah of Persta, a boy not yet 14 years old. He holds the rank of full general in the

for the student and the writer, and an authoritative reference book for schools, teachers, families, busines and professional men, there is one " book which offers superfer miv a tages in the solid value of its in-p formation, and the case with wl it is obtained.

One's admiration for Webst. International Dictionary incredaily as it comes to be beit known. It never refuses the information sought and it never overwhelms one with a mass of misinformation illogically arranged.

The St. James Carette of London he student and the litterateur, the part of the student and the litterateur, there is sorthing better, it covers every thing.

The New and Enlarged Edition recently used has Eaconomy words, a revised Large replied Dictionary and a revised Gazer cer of the World, 2000 pages and 5.0 linestrations. It has just received

THE GRAND PRIZE Highest Award) at the World's Tair, t, Louis, Our name is on the copyright person a athentic Webster's dictionaties.
